MEMORANDUM FOR: Director
National Photographic Interpretation Center

SUBJECT: Letter of Appreciation

1. Since the inception of the exotic programs in which we have been mutually engaged, you have been very kind in providing this office and the COMOR with courier and reproduction services.

2. I have from time to time expressed my appreciation for these services. However, for at least the last 6 to 8 months, the tempo of COMOR business has been such as to force me to place inordinate demands upon your reproduction facilities and the services of your couriers. I would be most unhappy if your personnel who so loyally and ably perform these services in my and COMOR's behalf were to feel that their labors are taken for granted. Without the kind of reliable and prompt service which they provide, it would be clearly impossible for me to begin to unravel the jurisdictional complications quite apart from the substantive complexities which permeate COMOR business. I would want your staffs to know that I consider their assistance critical to this operation and that I am most grateful for their continued support.
